We are proud to highlight Lena Yepez, a standout graduate of BWI's "Made in NY" Production Assistant Training Program. In training, Lena gained the skills applicable to working on set in the production industry, as well as the support needed to launch her career. Since completing the program in 2022, Lena has made remarkable strides in both the television and film industry, as well as in the world of photography.

Lena's diverse skill set has allowed her to thrive in a variety of roles, from script supervisor on short films and commercials to set production assistant on major TV shows like *Billions*, *Law & Order*, and *American Horror Story*. Her experience spans

across video production, where she's worked with renowned companies like Condé Nast, Smart Mouth Productions, and Prosper Digital TV, contributing to high-profile projects including the Vogue Met Gala and *Only Murders in the Building*.

In addition to her production work, Lena is an accomplished photographer, capturing everything from weddings and portraits to behind-the-scenes shots for promotional videos. She's worked with several prestigious photography companies in New York, including Florencia Saav Photography, Wedding Packages NYC, and Bradley Lau Photography, establishing herself as a sought-after talent in the event and portrait photography world.

Lena says her experience working on set in production has only enhanced her photography, contributing to her ability to direct and coordinate shoots. Her passion for storytelling bridges both of her professional pursuits. We are excited to see where her career takes her next!

Lena's journey is a true testament to the opportunities that the "Made in NY" Production Assistant Training Program can unlock, and we look forward to seeing her continued success.
